

# FERTILIZERS FOR ORGANIC FARMING

# BIO TRUST

## BIO GRA Comple

**BIO GRA Comple** are ecological solid fertilizers for the organic farming, containing all the nutrients the plants need. The raw materials used for the production of these fertilizers as well as their entire production method follow the European's Community Regulations (2092/91/EC & 834/2007/EC) and instructions for Fertilizers for Organic Farming.

The **BIO GRA Comple** group of fertilizers for organic farming includes **common and compound fertilizers** containing **1 to 5 Main Nutrient Elements**. By this way the farmer of the organic crop has the ability to use the best fertilizer depending on the needs of the plants, or to make different combinations using the various types of these fertilizers. **BIO GRA Comple** fertilizers are enriched with **precious humic compounds and natural activators**, for the **highest possible utilization of their nutrient elements and their best assimilation from the plants**.

Fertilizer	N %	P <sub>2</sub> O <sub>5</sub> %	K <sub>2</sub> O %	MgO %	CaO %	S %	B <sub>2</sub> O <sub>3</sub> %	Humic Organic %
BIO GRA Comple Ca					25			30
BIO GRA Comple Mg				21				30
BIO GRA Comple P		22						30
BIO GRA Comple K			24					30
BIO GRA Comple S						45		30
BIO GRA Comple K+N	4-5		22					30
BIO GRA Comple Ca+Mg				9,5	14			30
BIO GRA Comple K+Mg			16	7				30
BIO GRA Comple P+K		12	11					30
BIO GRA Comple K+Ca+Mg			11	5	8			30
BIO GRA Comple P+Ca+Mg		12		5	5,5			30
BIO GRA Comple P+K+Mg		10	11	2				30
BIO GRA Comple N+P+K	4-5	10	11					30
BIO GRA Comple P+K+Mg+Ca		10	11	2	2,8			30
BIO GRA Comple N+P+K+Mg	4-5	10	8	2				30
BIO GRA Comple N+P+K+Mg+Ca	4-5	7	11	2	2,8			30
BIO GRA VINE	4-5	7	11	2	2,8			30
BIO GRA Cereal	4	6		3	3			30
BIO GRA OROS	8-10	3	6	4	6			30
BIO OLIVE (Comple OL)	4-5	7	11	2	2,8		0,5	30
BIO ELEA	5-8	5	12	1,4	2,8	8	0,5	20

ENRICHED WITH TRACE ELEMENTS (E.C. REGULATION 2003/2003): B, Co, Cu, Fe, Mn, Mo, Zn & SOIL IMPROVERS
